Release Notes for AutoBackup 5.0 (Build 1441)

1   General information
Please check for new App versions!

1.1   Operating systems
- Microsoft Windows 8.1 x32/x64
- Microsoft Windows 10 x32/x64

1.2   Installation
You need ETS5 from version **5.7.2**. ETS4 and earlier ETS5 versions are **no longer supported**.
If you have an older AutoBackup version, please uninstall this one first (in ETS5 bottom right at "Apps ... active")

2   Important changes since previous release

2.1   Changes since Release 4.0.1384.0.
- FIX: Error message for failed export due to access problem
- FIX: improved check for backup directory
- App doesnot work in ETS4 anymore

2.2   Changes since Release 4.0.710.0.
- FIX: improved reporting of access problems
- FIX: improved message on export demand

2.3   Changes since Release 4.0.699.0.
- FIX: Incorrect message about newer files after re-import of a previously exported project has been removed (when importing projects exported with version 699, the error can still occur)

2.1   Changes since Release 4.0.538.0.
- NEW: global settings possible
- NEU: path may contain environment variables
- NEU: date of last export with AutoBackup and info about newer dated project export file in Backup directory
